KU MUSEUM STUDIES
PROGRAM

College of Liberal Arts
& Sciences

A Note from the Editor:

Hello Museum Studies students,

Welcome to the 2018 Museum Studies Resource Guide. The following provides information pertaining to life at the University of Kansas and life in Lawrence. Campus resources, recreation, eateries, health centers, and places to live will be found inside.

This resource guide began with my predecessor, Jessica Young, who spent countless hours compiling the following information. Jessica did her best to keep the resources within Lawrence but admits that one may need, or want, to venture outside of Lawrence. In that case, Topeka and Kansas City are within driving distance.

The 2018 resource guide has up-to-date information, to the best of my knowledge. However, if you do find that some information is incorrect, or if you would like more information, please feel free to contact the Museum Studies Program or myself. We are all happy to help.

None of these entries were sponsored in any way. Any inclusions of businesses were due to positive online or student reviews.

Thanks are in order to Jessica Young, who did the bulk of the labor putting the resource guide together, to Brandy Ernzen for her patience and working with me, and to Museum Studies students for giving personal suggestions to add to the guide.

We hope that you find this resource guide a useful tool in your move to Lawrence and your new journey at the University of Kansas.

Best,
Jackie Porcello (GRA 2017-2018)

WHS primarily exists to provide healthcare to currently enrolled students of The University of Kansas. However, past students may be seen up to 90 days after their last date of enrollment. Only currently enrolled students are eligible to receive services at reduced “Health Fee-Paid” rates. WHS also provides services to KU faculty and staff.

The spouse or domestic partner of a currently enrolled KU student is eligible for the same healthcare services at WHS. Required protocol:

- The student must accompany the spouse/domestic partner on the initial visit AND both must go to the WHS Business Office to complete this form for the official record.
- The student must accept financial responsibility for all services provided to the spouse/domestic partner by using the [Spouse - Domestic Partner Guarantor Form](#) (PDF).
- The services for the spouse/domestic partner will be charged at our Non-Health Fee rates.

Every student at KU pays a health fee each semester as part of the mandatory campus fees. It is not optional. The health fee entitles the student to be seen by our providers at no charge for the office visit including no co-pay. However, if the provider orders lab tests, X-rays, medications, physical therapy services or performs procedures (e.g. a mole removal) or performs extensive physical exams (e.g. for the Peace Corp), there are charges for those services. Students receive a reduced rate for those charges which are very often well below the local market. The health fee itself does NOT constitute any type of healthcare insurance.
