

Student Resource Guide 2020

A Note from the Editor:

Hello Museum Studies students,

Welcome to the 2020 Museum Studies Resource Guide. Here you will find information and tips about living in Lawrence and attending the University of Kansas. We have included campus resources, recreation options, eateries, health centers, housing and much more.

The guide was first developed four years ago. The editors made an effort to keep most of the listed resources within our city. However, if you want or need to venture outside of Lawrence, Topeka and Kansas City are within driving distance. Each city offers attractions such as shopping, events, and additional social services.

All of the information is up to date as of spring 2020. If you discover incorrect information or have suggested additions please contact the Museum Studies Program, me, or the next graduate research assistant. We would all love the opportunity to update the guide as well as provide additional information on its contents.

All the entries are the result of positive online or student reviews, but may not be comprehensive. No business or service sponsored their inclusion. We hope the guide being advertisement-free means it is a trustworthy reference.

Thank you to Jessica Young for creating the guide and former GRAs for serving as editors. Additional thanks to Brandy Erzen for her assistance with this effort and everything else she does for MUSE students.

We hope you find this guide a useful tool while moving to Lawrence and getting acquainted with KU. Best of luck starting your new journey. We cannot wait to have you in the program!

Best,

Natalie Vondrak (student employee, 2019-2020)

WHS primarily exists to provide health care to currently enrolled KU students. Past students may be seen up to 90 days after their last date of enrollment. Only currently enrolled students are eligible to receive services at free or reduced “Health Fee” rates. WHS also provides services to KU faculty and staff.

The spouse or domestic partner of a currently enrolled KU student is eligible for the same health care services at WHS. Required protocol:

- The student must accompany the spouse/domestic partner on the initial visit AND both must go to the WHS Business Office to complete this form for the official record.
- The student must accept financial responsibility for all services provided to the spouse/domestic partner by using the [Spouse - Domestic Partner Guarantor Form](#) (PDF).
- The services for the spouse/domestic partner will be charged at our Non-Health Fee rates.

Every student at KU pays a health fee each semester as part of the mandatory campus fees. It is not optional. The health fee entitles the student to be seen by WHS providers at no charge for the office visit including no co-pay. However, if the provider orders lab tests, X-rays, medications, athletic training services or performs procedures (e.g. a mole removal) or performs extensive physical exams (e.g. for the Peace Corps), there are charges for those services. Students receive a reduced rate for those charges which are very often well below the local market. The health fee itself does NOT constitute any type of health care insurance.
